MANAGEMENT DISCUSSION AND ANALYSIS REPORT

ECONOMIC OVERVIEW

Buffeted by several factors—domestic and external—the Indian economy decelerated during FY12. Exports during the first ten months of FY12 totalled US\$242.8 billion (23.5% higher than in the corresponding period of FY11), but imports during the same period surged to US\$391.5 billion (29.4% higher than in the corresponding period of FY11), resulting in a significant trade deficit. External reserves stood at US\$292.6 billion at end-January 2012. While the services sector grew by 9.4 % during FY12, expanding its share of GDP to 59 per cent, industry grew by about 3.9 per cent. Inflation continued to be a major concern as reflected in the general price level and monetary policy was largely aimed at countering inflationary pressures. WPI inflation moderated to 6.89% by end-March 2012.

INDUSTRY OVERVIEW

Indian mortgage industry is characterized by

- the profile of its customers' and mortgage needs
- the behaviour to interest rate movements and movement in property prices.
- asset quality and
- Government and regulatory intervention.

Increasing income levels with improved affordability, urbanization including emergence of Tier-II and Tier-III cities, availability of finance and tax incentives have contributed to the rise in housing mortgage in the past.

Mortgage finance grew by 18% in FY11 while bank credit grew by 21%. The housing loan portfolios of scheduled commercial banks (SCBs) grew by 15% (8% in FY10), while those of housing finance companies (HFCs) expanded faster, by 24% (21% in FY10).

In March 2011, the housing loan market was dominated by the ten top players, their share being 76%.

Although the market remains concentrated primarily in the metros and Tier-I cities, the share of Tier-II cities has been increasing.

HFCs have maintained a much better asset quality compared with the housing finance portfolios of public sector banks (PSBs). As at end-FY11, the gross non-performing loans (NPLs) of HFCs accounted for 0.82% of their total loan portfolios, much lower than the 1.89% in the case of the top five PSBs.

OPERATING AND FINANCIAL PERFORMANCE

During the year under review, the Company's operating and financial performance was significantly better than in the previous year.

The Company approved loans totalling ₹ 2,248 crore in the year, which was 55% higher than ₹ 1,447 crore in FY11. The average size of home loans disbursed to individuals during the year was ₹ 13 lakh.

Gross income during the year amounted to ₹ 495.27 crore, recording a growth of 61% over ₹ 307.88 crore in the previous year. Profit before tax was ₹ 130.50 crore, up by 91% over the previous year's ₹ 68.38 crore. At ₹ 93.73 crore, the profit after tax was almost double the previous year's ₹ 47.68 crore.

Increased post-tax profits, after providing for dividends, boosted the Company's networth to ₹ 325.94 crore as on 31st March 2012 (₹ 255.50 crore a year earlier). As on that date, the capital adequacy ratio (CAR), calculated in terms of the regulatory guidelines, was 14.61%, higher than the 12% regulatory minimum.

Approvals & Disbursements

Loans under Management

A distinctive feature of the Company's loan book has been the exceptional degree of its soundness. Despite a substantial expansion of the loan portfolio, gross non-performing loans (NPLs) (loans in continuing default for over 90 days) were contained at ₹ 11.66 crore as on 31st March 2012, constituting 0.31% of total loans, only marginally up from 0.29% a year earlier. Net NPLs (i.e. gross NPLs less provisions) declined from ₹ 2.28 crore to ₹ 2.16 crore over the year (0.06% as against 0.09%, a year earlier), and remained at less than one-tenth of 1% of the loan portfolio.

Considerable prudence underlies the Company's loan provisioning policy, which also ensures regulatory compliance. Available provisions of ₹ 9.50 crore against NPLs were equivalent to 81.5% of the gross NPLs as of 31st March 2012, and 59% higher than those strictly required under regulatory guidelines. In addition, provisions totalling ₹ 5.61 crore were available against other loans as required by NHB.

KEY REGULATORY CHANGES

The main changes in the regulatory guidelines applicable to the Company's operations are noted below:

PREPAYMENT PENALTY

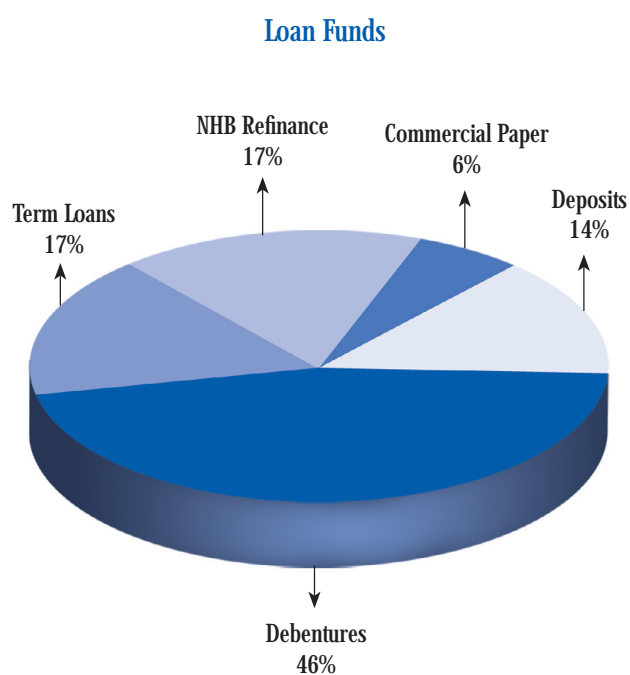

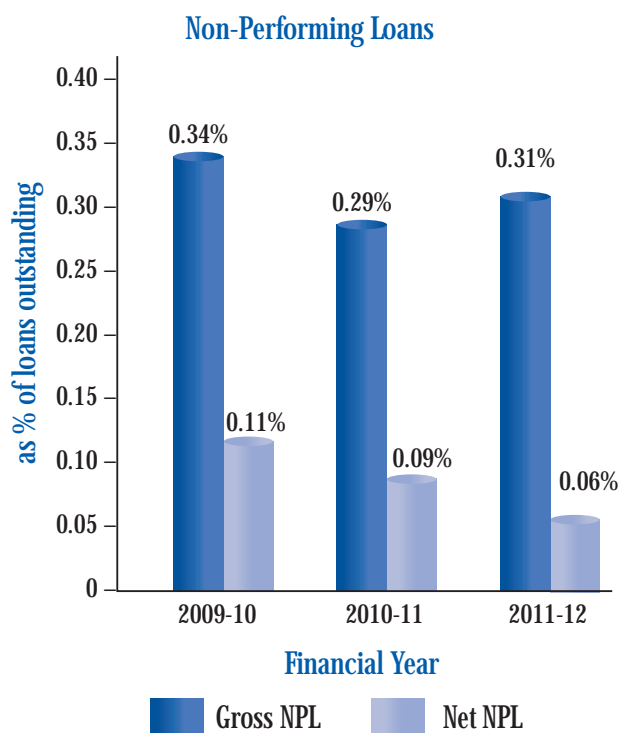

Effective October 19, 2011, HFCs are not allowed to levy a charge or penalty on prepayment of housing loans which carry floating rates, or which, carrying fixed rates, are prepaid out of the borrowers' own resources. The Company is in full compliance with it.

The provisioning norms have been further tightened by National Housing Bank and your Company is in full compliance with it.

The Company issued commercial papers aggregating ₹ 551.10 crore during the year. The maximum amount of commercial paper outstanding at any time during the year was ₹ 425 crore and the amount outstanding at the end of the year was ₹ 224.37 crore.

During the year, the Company mobilised fresh public deposits of ₹ 114.29 crore. Of the deposits that matured during the year, ₹ 87.34 crore were renewed. Deposits outstanding at the year-end were ₹ 531.96 crore (₹ 526.73 crore at FY11-end).

The Company notifies the depositors at least two months ahead of maturity, and thereafter issues periodical reminders if the deposits are not renewed or claimed on or after maturity. As of 31st March 2012, deposits totalling ₹ 427.59 lakh from 531 depositors had matured but had not been renewed or claimed. The Company has closely followed up these cases and, as on date, such deposits amounted to ₹ 250.32 lakh from 352 depositors.
